MARTINHO CAMARA WINS 1st WSOP CIRCUIT RING IN CLOSING EVENT OF FOXWOODS SERIES

Foxwoods local takes home a ring in the homestretch

Martinho Camara is the final World Series of Poker Circuit ring winner for the 2018/2019 Foxwoods Circuit series. Camara won the \$400 No-Limit Hold'em Double Stack Event #13 to take home \$25,579.

In the wee hours of the morning, after 19 straight hours of play, Foxwoods local Martinho Camara not only won his first World Series of Poker Circuit ring, but simultaneously received his first and only WSOP cash to date.

Camara is not a new player to the game. He has over \$121,000 in live earnings, with almost all of them here at Foxwoods and other local casinos. But, until this win he had never cashed in a World Series of Poker event.

Camara had a tough journey to the finish line. Not only did he have to defeat 336 other players on his way to the win, but the final table was one of the latest starting in WSOP Circuit history. The unofficial final table of ten wasn't reached until approximately 3:00 in the morning, after play had started at 11 a.m. the day prior. And it took another 3 ½ hours to reach the conclusion, causing a few players at the table to term this event, "The Mini Marathon," in reference to the [WSOP Summer Marathon event](#).
