

2010-11 WSOP CIRCUIT CUMULATIVE PLAYER POINT SYSTEM

WSOP PLAYER OF THE YEAR FORMAT TO BE THE BASIS FOR A NATIONAL PLAYER POINT SYSTEM

4 WAYS TO QUALIFY; POINTS VARY BY BUY-IN LEVEL

OVERVIEW

- The 2010-11 WSOP Circuit Event tour will use a *Cumulative Player Point System* to track player success in all official WSOP Circuit open gold ring events.
- The point system is modeled after the WSOP Las Vegas Player of the Year format.
- Players earn points at each WSOP Circuit stop in the United States.
- You must cash in an event to earn points.
- All buy-ins for official preliminary ring events (from \$300-\$1,000 buy-in) will award points on a 0.5 times basis. (100 points x 0.5 = 50 points).
- All buy-ins for official Main Event (\$1,500 buy-in level) will award points on a 1.0 basis. (100 x 1.0 = 100 points).
- All buy-ins for official Regional Championships (\$10,000 buy-in level) will award points on a 5.0 basis. (100 x 5.0 = 500 points).

QUALIFICATION DETAILS

There are 4 different ways to qualify for the **WSOP Circuit National Championship**. They are:

1. Win the \$1,500 Main Event at any WSOP Circuit event. (1 per stop; 15 players total)
2. Be the "Casino Champion" accumulating the most points at any of the individual WSOP Circuit stops' 10 official "ring" events. (1 per stop; 15 players total)
3. Make the final table (9 players) at any of the four \$10K buy-in "Regional Championships" [Horseshoe Hammond; Harrah's Atlantic City; Harrah's Rincon; Harrah's New Orleans] (36 players total)
4. Accumulate enough points between all the WSOP Circuit stops to be positioned in the Top 34 cumulative point standings at the end of the 2010-11 WSOP Circuit tour.*

*Note: There will likely be several duplicate names who automatically qualified. Each player can only qualify once, therefore the duplicate names will be scrubbed and the next highest-point getters in the cumulative point rankings will qualify.
