## Cha-CHANG!

Matthew Chang Overcomes Past Demons in First Circuit Victory.

Elizabeth, IN (October 11, 2011)—Last year, 28-year-old Matthew Chang travelled to every stop on the WSOP Circuit in search of a gold ring. After amassing 14 cashes, Chang had three final tables to his resume, but no ring. Having bubbled two final tables already, Chang came to the twelfth and final ring event at Horseshoe Southern Indiana determined to get his prize.

Chang came to the final table as one of the middle stacks and at almost a 4 to 1 chip disadvantage on the leader, but anything can happen in a turbo. Before you could blink, Chang was heads-up holding the [10d][5d], his favorite hand, and had his opponent at risk all-in pre-flop. The hand would treat Chang well as he paired both his cards and finally got his first Circuit ring.

Joining Chang at the final table were Peter Mavro and Stephen Kats. This was Mavro's second final table in Southern Indiana and third cash. He was eliminated in third place earning \$3,344.

Kats was also making his second final table appearance and third cash, but his night ended earlier than he would have liked with a seventh place finish. He pocketed \$1,074.
