Tournament Report:

Corey Cutrell Prevails in Season's Longest Heads-Up Match

Young Seattle Pro Defeats William Berman in Four-Hour Heads-Up Showdown

WSOP Circuit at Harrah's Rincon Heading into Championship Weekend

Rincon Reservation, CA (March 22, 2012) – The latest World Series of Poker Circuit tournament held at Harrah's Rincon included three distinct stages.

First, there was the initial 12-hour playing session during Day One when a modest-sized field was trimmed from 139 starters down to nine finalists.

The second stage was the final table, which began with nine finalists. After just three hours of play, seven players found themselves eliminated, leaving just two players in the heads-up showdown. Some observers thought the tournament would end in lightning-fast time.

But in the real show, and the real test, had only begun. The third and final stage was undoubtedly the most intense, with two very skilled finalists playing heads up. In fact, the duel turned into one of the longest heads-up match of the current season, clocking in at more than 120 hands played over a 4-hour and 20-minute duration.

Relative newcomer to the live tournament scene Corey Cutrell, from Seattle, was up against William Berman, an attorney from Carlsbad, CA. When the final match started neither player could anticipate a duel that would last multiple hours, which was longer than the time to took to trim the field from nine down to two.

In a sense, this outcome is what all major poker tournaments should be about and how they should end. As the anticipation of the finish line and victory approaches, players *should be* put to the test.

There's no question that Cutrell was put to the test. And, he passed the exam with flying colors. The 21-year-old aspiring poker pro defeated his final adversary with an ace-high straight on the final hand of the tournament to take down \$18,500 in first-place prize money. He was also presented with his first WSOP Circuit gold ring . just three months after he became legal age to play in (most) Circuit events.

Cutrell's victory came five days after his close friend Dean Buchanan (Kirkland, WA) won his own gold ring victory. Cutrell decided to join Buchanan and two other colleagues who made the trip down the Pacific Coast Highway 1,500 miles to the south. Their journey certainly paid off.

Cutrell worked in a restaurant for four years before saving enough money to go on the road and try and make it as a poker pro. He noted the poker games in the Seattle area where he lives are not as good as games elsewhere, which motivates him to travel. Cutrell expects to travel to many more WSOP Circuit events and other tournaments in the months to come. A top priority will be to accumulate enough points to qualify for a seat in the National Championship, coming in July.

The eighth of a dozen gold ring tournaments began on Wednesday with Event #8 . a \$555 buy-in No-Sit & Go competition. The tournament attracted 139 entries. The total prize pool came to \$67,415. The top 15 players were paid. All players who cashed received WSOP Circuit National Championship ranking points.

A full list of all players who cashed in Event #8 can be seen at WSOP.COM

The tournament was played over two consecutive days. The final table was played on Day Two. William Berman arrived among the final nine as the chip leader. But two rivals . Corey Cutrell and John Lee -- were close on his heels.

1	Corey Cutrell	Seattle, WA	317,000
2	William M. Berman	Carlsbad, CA	343,000
3	Branden Rupp	Oceanside, CA	216,500

4	Andrew R.	San Diego, CA	156,000
5	Jonas Mackoff	Vancouver, BC	109,000
6	Brian Mintz	Pengrove, CA	55,000
7	Leroy Spires	Las Cruces, NM	86,500
8	Chris Parsons	Mentor, OH	70,000
9	John Lee	Suwanee, GA	313,000

The final table included one former WSOP Gold ring winner . Jonas Mackoff, fresh off his win in Event #6, which concluded just two night earlier.

The final playing session began at 3 pm local time. Play finished at 10:50 pm making the total duration nearly eight hours. The official order of finish was as follows:

9th Place – Leroy Spires finished in ninth place. He is a 35-year-old engineer from Las Cruces, NM. Spires finished third in the WSOPC Main Event held at the Bicycle Casino, two months ago. Also of note, Spires cashed in the 2008 WSOP Main Event Championship.

8th Place – Chris Parsons was the eighth-place finisher. He is a 25-year-old poker pro from Mentor, OH. Parsons is enjoying an all-star season on the WSOP Circuit. He is currently ranked second points, by virtue of seven cashes and five final table appearances. Parsons has yet to win a gold ring, but based on his success and talent, a victory seems only a matter of time.

7th Place – Brian Mintz came in seventh place. He is a 32-year-old professional poker player from Penngrove, CA. This was his first time to cash on the WSOP Circuit. However, Mintz does have two previous in-the-money finishes at the WSOP in Las Vegas.

6th Place – Jonas Mackoff ended up in sixth place. He is a 25-year-old poker pro from Vancouver, BC (Canada). Mackoff won his first WSOP Circuit gold ring in an identical event, which ended just two night earlier. He had a chance to become the seventh multiple event winner this season, but ran into trouble during the middle of the final table. Nonetheless, Mackoff rocketed into the top spot in the **%Best All-Around Player+race** for this tour stop. He has two cashes . including a first and a sixth and will be the player to catch heading into the final weekend of the series.

5th Place – John Lee exited in fifth place. He is a 37-year-old self-employed businessman from Suwanee, GA. This was only the second WSOP Circuit event Lee has played.

4th Place – Andrew Rowland was the fourth-place finisher. He is a 29-year-old internet marketing consultant from San Diego.

3rd Place – Branden Rupp came in third place. He is a 28-year-old racecar driver from Oceanside, CA. Rupp has only played in two WSOP Circuit events, so this was quite a performance.

2nd Place – William Berman was the runner up. He is a 41-year-old attorney from Carlsbad, CA. This marked his first-ever cash in a WSOP-related tournament. His relative inexperience certainly did not show.

When heads-up play began, Berman enjoyed nearly a 3 to 1 chip advantage over Cutrell. But the shorter stack managed to double up early with a heart flush, making the chip count close to even. That set the stage of a back-and-forth knock-down drag out battle that would last more than four hours. During the first two hours which included Cutrell's incremental comeback, there were no huge hands or pots, other than the initial double up. Cutrell simply took a pot here and at one point enjoyed about a 2 to 1 edge.

A backbreaking hand for Berman took place late when he won a monster-sized pot with ace-high. That set the stage for the final hand, which was dealt as follows:

Cutrell . Ad Jh
Berman . 8d 4h
Flop . Qd Tc 9h
Turn . 9s
River . Ks

Berman was low on chips after losing two late hands and had to make a play for the blinds with a weak hand. Cutrell made a no-brainer call with a strong ace and ended up winning the tournament with a straight.

1st Place – Corey Cutrell became the eighth WSOP Circuit champion crowned this year at Párláimint na Rí. He won \$18,500 for the victory. He was also presented with his first gold ring. This marked his fifth time to cash this season on the WSOP Circuit.

With his victory, Cutrell moved into contention as one of the leaders in the WSOP Circuit. All-in-one (AIO) players who finish in the top 12 of the WSOP Circuit National Championship receive a pre-paid entry into the \$1 million 2011-2012 WSOP Circuit National Championship. At least two players from this tournament series will qualify for the WSOP Circuit National Championship, which is classified as a WSOP gold bracelet event. The other automatic qualifier will be the winner of Main Event championship (to be held March 24-26).
